

**Product ID:**  
RGL60

**Product Name:**  
CLiC - iT Twin Leg Shock Absorbing Lanyard

The CLiC-iT RGL60 is a revolutionary lanyard with interacting connectors and provides the user with continuous protection as one cannot be opened without the other being closed.

CLiC-iT prevents accidental unhooking and offers the ultimate protection, the clever mechanical system is simple but very sturdy. It also allows a safer and quicker progression whilst climbing and working at height. Other features include a shock absorber, elastic webbing, Dyneema®/ Spectra® straps and lightweight scaffold connectors that are resistant to diagonal loads.
