

110v/240v Mini Electric Chain hoist

A lightweight compact single phase chain hoist. Ideal for many lifting applications, such as construction, Industrial and rental industries.

The lightweight design makes this an easy hoist to rig.

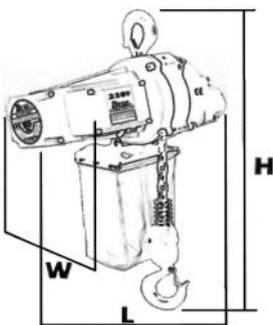

- ◆ Features a dual brake device for extra safety.
- ◆ The light weight modular design makes this hoist easy to maintain, helping to prolong its service life.
- ◆ The frame and control enclosure are weather protected against water & dust ingress.
- ◆ A baked paint finish gives the frame superior resistance to harmful environments.
- ◆ Duty Cycle 30% (max use in 1hr)
- ◆ Supplied with power lead & pendant with emergency stop.
- ◆ Manufacturers 12 month warranty
