

# PRODUCT SPECIFICATION

## ActionRam Hydraulic Pipe Bender

The ActionRam Hydraulic Pipe Bender Kit, part of LiftinGear's premium product range, is a professional-grade tool designed for precision and durability. Ideal for industrial and workshop use, it delivers smooth, accurate pipe bending with minimal effort. Its compact design, full die set, and robust carry case ensure versatility and easy transport.

### SUMMARY

- Powerful 6-tonne hydraulic system with 150mm stroke
- Suitable for pipe sizes: 10mm, 13mm, 20mm, 25mm (3/8", 1/2", 3/4", 1")
- Handles wall thicknesses from 1.5mm to 3.5mm
- Bends angles from 0° to 90° with no need to preheat pipes (cold bending)
- Fast, simple setup for efficient use on the job site
- User-friendly design for quick and easy operation
- Includes a full die set for multiple pipe sizes
- Supplied in a heavy-duty steel storage case for easy transport and protection
